APPLICATION FOR TIC CERTIFICATE

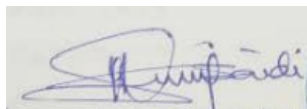

Please refer to the heading above.

Our company plans to establish a project of hostel for female students in Tanzania. We plan to operate in Dar es Salaam, Mara, Mwanza, Simiyu and Singida. In the long run we plan to consider expanding to other areas of Tanzania. We therefore ask for TIC certificate for our project.

This project has many benefits including environmental benefits as it will include planting of trees, use of environmental friendly cooking system, planting of vegetables and fruit trees. It will also employ 100 people where 80 are women so it is gender sensitive.

We attach the required documents for your approval and we expect to hear from you in the near future hoping our project will enjoy the benefits of registration.

Yours in building the nation
