We are pleased to submit our application to the Tanzania Investment Centre for the for the Tanzania Certificate of Incentives.

Briefly, Airplanes Africa Limited is a company involved in the Aviation sector. Our key and operational activities include the construction of the LS/UL aircrafts, Aircrafts Assembly and Pilots and Aviation Mechanics Training Facilities.

Our company is currently representing one of the leading Czech companies in the construction and assembling of LS/UL aircrafts but also training of pilots through the state-of-the-art Simulators. Based on our investment and operational interest, we have decided to invest in the African market with base in Tanzania. Our aim is to construct and assemble LS/UL aircrafts that will be offered for sale for individuals or entities, and to train pilots and aviation mechanics.

Our expansion and aim resulted in implementation of this project as the first and unique of its kind in Africa. Thus, we foresee this as an opportunity for both our company and Tanzania to develop, nurture, and invest in Aviation Sector in a unique way.

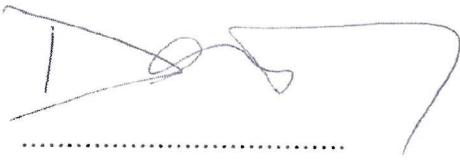

The purpose of applying for the Certificate of Incentive is to enable our company to fulfil the basic needs and take opportunities granted by Tanzania towards the investments in the country. The initial costs for the project are estimated to be US\$ 3Million that will be invested gradually within 3 years and subsequently the company will intensify its investment accordingly. The project will be implemented
