SIKA TANZANIA CONSTRUCTION CHEMICALS LIMITED
Certificate of Incentives Number: 043510

Dear Sir,

Re: Application for the expansion of the project

Sika Tanzania Construction Chemicals Limited has been registered with the Tanzania Investment Centre since 23rd November 2016 with Certificate of Incentives Number 043510.

The Company has invested more capital and resources than the original estimate, and it is in the process of expanding and will be investing in new technology and will bring an automatic racking system to bring efficiency to its operations. It has also recently acquired land and is in the process of getting the derivative title.

We would like to apply for expansion of the project and extend the timeline of the construction chemicals project to the year 2027.

It is our humble request that your good office accords us with the above request.

Yours sincerely,

For Sika Tanzania Construction Chemicals Limited

Msonga Msigala
Financial Controller
