The Director General
Tanzania Investment Centre
P.O.Box 938
Dar es Salaam

Dear Sir,

Re: RE: APPLICATION FOR THE EXTENSION OF THE CERTIFICATE OF INCENTIVES NO: 042506 OF 2013 August.

We are pleased to submit a progress report for the period 2013- August- 2016 July as attached to this letter. The purpose of this report is to present the progress of project implementation as required by the Tanzanian Investment Centre, and to request further support from your office in terms of ensuring necessary facilitation with other Government agencies.

We are applying for the extension of the implementation period for the Certificate of Incentives No: 042506 which is implementation period has expired, July 2016.

However as per progress report just attached herewith in the Problem and solutions part of it you find major reasons ie readjustments of Monduli Municipal planners, number of projects were halted and recently reallocated hence a delays in updating our certificates and many other projects, Secondly our financiers I&M Bank enter into a long crunch financially with its headquarters and after a long pre negotiations with the Bank of Tanzania, recently a brand boost was made, hence we as beneficiaries managed go back into negotiation table again for additional loans which was necessary to accomplish our missions and objectives, and for that case we **here and humbly request your respected office to extend our certificate for three (3) years** , all aiming at boosting local manufacturers activities which all together contribute to rapid growth of industrialised economy.

All the above illustrates our **humble request** to your very respected centre to furnish the extension of this Certificate of Incentives to three years so as to enable us fulfil the remaining assignments and development projects as indicated in sections 7 and 8 of the progress report.

We thank you for your continued support and cooperation.

Yours sincerely

UNITED POWER POINT LTD
