Dear Sir,

RE: REGISTRATION OF THE PROJECT TO BE EXECUTED IN ROMBO DISTRICT - KILIMANJARO.

The heading above is concerned,

Giante Wine and Spirits Company Limited is a locally owned company lawfully registered by BRELA under the Companies Act, 2002 with registration No. **151419151** on the 1st of April 2021 observing the laws of the people of the United Republic of Tanzania.

The company's offices and factory are located in the industrial area of Mkuu Township – Rombo district, Plot 36 Block C.

Among other objectives, the company is intended to invest in the manufacture and supply of plastic packaging materials such as preforms and caps. For the purpose of packaging still water and other soft/alcoholic drinks.

The total cost of the investment is estimated to be around **TZS. 550M** including the cost of the machinery (USD 139,800) and working capital. These funds are intended to be raised from the company directors' savings.

The investment is expected to bring about big changes in Mkuu Township where there is a rising demand for manufacturers of packaging materials because the fact that new food factories are established almost every year and one of the biggest challenges is the availability of packaging materials most of which are purchased from Dar es Salaam, which increases production costs and risk of wasting production hours. For example; over 90% of soft and alcoholic drinks producers in Kilimanjaro Region are purchasing their preforms/bottles from Dar es Salaam.

Even more importantly, the investment will open employment opportunities to the local people and raise revenue for the government.

Therefore I request you and your esteemed office to allow the registration of the firm and to help through the process.

With kind regards,

D. Ngowi
