### RE: EVIDENCE OF LAND

Reference is made to the above captioned subject.

We are writing to inform you that our company intends to construct marine luxurious lodge at NAMPONDA ISLAND at Mtwara. We communicated with the regional administration and inquire about the acquisition of the Island. Among other things, they informed us that one of the requirements for grant of an Island is for the investor to be registered with TIC. Therefore, on that premise, we have lodged our application for registration in order to meet the criteria for acquisition of such Island. We will tender the evidence of land for further procedure with your office once we are registered and qualify for grant.

It is our sincere hope that our application will be processed and considered.

Truly yours,

JUDITH RAYMOND MUSHI

DIRECTOR
