Date: 10th March,, 2023

The Executive Director,
Tanzania Investment Centre-TIC
Plot No.9A & B Shabaani Robert Street
P.O.BOX 938,
Dar Es Salaam-Tanzania.

Dear Sir,

RE : CERTIFICATE OF INCENTIVES NO.202032

SUB : REQUEST FOR EXTENSION OF PROJECT IMPLEMENTATION TIME

The heading above refers.

Salima Oxygen Limited is requesting your good office to extend time for project implementation up to February, 2026 for the following reasons:-

1. The project is technically complex (Production of industrial gases, importation of LPG and refilling/storage and distribution) on obtaining operating permits from various authorities like **EWURA**. We faced a lot of challenges like changing the use of land classes and re-surveying the plot that took a lot of time to the effect our granted time to implement the project expired in vain.
2. The technology associated in our project needs foreign components and experts. The war crisis in Europe and Asia has also affected our timing on implementing the project. Some of the plant/capital items will be imported from Asia where there is a war. The mobilization of capital items is a bit difficult.
3. The local network on e-government handling such as processing assessment and preparing control numbers for some payments has also been a problem. Ineffective network has caused delays on making payments and progression.
4. Import formalities and stakeholders undertakings also has been a challenge, for example gas tanker imported from India we experienced a delay of some months to clear it of which needs a special attentions for implementing this project.

The following documents have been attached to this application for your perusal, scrutiny and records:-

1. TIC Certificate extension online application Form
2. Directors Board Resolution to seek extension time of certificate of incentives/implementing time
3. The project site development progress by photos
4. Fee-receipt as evidence of application payment of \$1,000
5. Certificate of Incentives-Original & soft copy online
6. Brela official Search etc

Hope our application will receive a favourable consideration from your good selves.

We thank you in advance for the cooperation.

Yours Faithfully

SALIMA OXYGEN LIMITED

.....
Shahnawaz Pyarali Sumar
