### **BUSINESS PLAN OVERVIEW FOR USD 35,000,000.00 INVESTMENT**

<b>COMPANY</b>	<p><b><i>NORTH AMERICAN HOLDINGS LIMITED (NAH)</i></b> was incorporated in April 17<sup>th</sup>, 2023 under certificate of Registration No.165074602 with TIN.165-074-602 and Business licence No. 20000045777 by BRELA. Tanzanian and American shareholders. NAH is licenced to buy Gold from <b><i>Lake Victoria Western Zone (Mwanza, Mbogwe, Geita and Kagera and in the Lake Victoria Eastern Zone (Mara and Simiyu)</i></b>. Procurement of Gold from small miners in the Government designed gold markets. The raw Gold is processed at Mwanza Precious Metal Refinery in Mwanza to <i>Bullion for export and local sales.</i></p>												
<b>PROCESS AND MARKET OPPORTUNITY</b>	<p>The Gold marketing in Tanzania is very simplified and there are no legal complication involved in process but a well-regulated compliance process from miners/PML, Brokers, Gold Market and Refinery/Export. Any licenced Gold producer may sell their produces on open market after inspection by the Mineral commission under the minerals and Energy. This is merely to control payments of applicable local fees/loyalties. NAH business concept is a <b><i>value addition based solution</i></b> to Gold business to impact the industry players (Small miners) by accessing mining inputs locally and sale Gold locally through quicker turn-around and timely access to production inputs.</p>												
<b>BUSINESS MODEL</b>	<p>NAH business concept is to increase Gold production and productivity at primary level. This will be successful through by actors/ small-miners access to production inputs and soft loans for their pre-production expenses. By implementing this NAH leased Custom's Bonded Ware-House on Plot No.87 Block A, Kanyama area/Kisesa, Magu District and Mwanza region where all Gold mining inputs will be imported in volume and stored for distribution to small-miners in Lake zone area. The structure is tailor-made to address the financial, logistics and time stress by miners in accessing production-impeding conditions. <b><i>In return North American Holdings has a volume supply of raw Gold from small miners in the area.</i></b></p>												
<b>THE INVESTMENT OF USD 35M</b>	<p><b><i>North American Holdings</i></b> business approach is <b><i>VALUE ADDITION THROUGH ACCESSES TO CAPITAL AND PRODUCTION INPUTS.</i></b> NAH's has syndicated a Blended financing Vehicle of USD 35M to cover both working capital and Capex.</p>

**GOLD PRODUCTION IN TANZANIA AND IMPACT TO THE ECONOMY**

Tanzania is the 3<sup>rd</sup> largest gold producer in Africa after South Africa and Ghana, accounts for 2% of the total global gold output. Tanzania’s gold reserves are estimated at about 45 million ounces and Tanzania’s gold production in Tanzania stands at around 50t per year. Gold exploration is mostly centered mostly on the *greenstone belts around Lake Victoria*, where several large deposits have been discovered and are being developed.
