Subject: APPLICATION FOR INCENTIVES FOR PURCHASE OF 13 TRUCKS

Dear Sir/Madam,

I hope this letter finds you well.

I am writing to formally apply for incentives from the Tanzania Investment Centre (TIC) in relation to the purchase of 13 trucks for NKIRA TRADING AND INVESTMENT LIMITED. As a burgeoning entity within the transportation sector, we believe that this investment aligns with the goals and objectives of both our organization and the government's vision for economic development.

The acquisition of these trucks represents a significant expansion of our fleet, enabling us to enhance our operational efficiency and extend our services to a broader clientele across Tanzania. Moreover, it signifies our commitment to contributing to the growth of the local economy by facilitating the movement of goods and commodities effectively and efficiently.

In light of the substantial investment being made, we respectfully request consideration for incentives offered by the Tanzania Investment Centre, including but not limited to tax exemptions, duty waivers, and other financial incentives available to qualifying enterprises. These incentives would greatly alleviate the financial burden associated with the purchase and importation of the trucks, allowing us to allocate resources towards further business development and job creation.

Enclosed with this letter, please find the necessary documentation supporting our application, including details of the trucks to be purchased, their specifications, and the projected impact of this investment on our operations and the broader economy.

We assure you of our utmost commitment to compliance with all regulatory requirements and our dedication to contributing positively to Tanzania's economic growth and development.

Thank you for considering our application. We eagerly anticipate a favorable response and the opportunity to discuss this matter further.

Should you require any additional information or clarification, please do not hesitate to contact me at +255758659394 or [vanessa.urassa@nkiratrading.co.tz].

Yours sincerely,

Vanessa Urassa
Finance manager
Nkira trading & investment limited
