

PLAZA INVESTMENT COMPANY LIMITED YEARLY PROGRESS REPORT.

Summary:

- Plaza Investment Company limited is rental business company which main activity is to rent some space for office or shops.
- Plaza Investment Company limited started in 2018 with incorporation registration number 140461. The project is currently in its 6 years , at the start year 75% of building was full.
- However, there are some setbacks. At the end of 2023 up to now this project drop down due to most of tenants left and cause the building to be empty.
- Despite of this challenges, management team they are working on it to overcome this loss by make more advertisements and we renovate the building again to attract more customers.

Project status:	The project is currently in its 6 years. The management team has made great progress of increase number of tenants. However there are some challenge need to be addressed.
The goal of project for this year:	The goal of this project to increase number of tenants so that the building to be full. Management team will also working on it by renovate the building and make more advertisements.
The goal made in last year:	In 2023 the building was full we got more Chinese customers. However in 2024 most of tenant left and the building now is half empty.
Challenge faced this year:	One of the challenge faced by this project is large number of tenants leave the building and others fail to pay their debt. so the management team address this challenge by doing renovation of the building and doing more advertisements.
