

Polyfoam Ltd

(ISO 9001:2015 Accredited Company)

Established in the late 1980s, Polyfoam Limited (PFL) is an innovative manufacturer and exporter of household plastics, PET preforms, bottles, jars, and polypropylene woven bags. With over 200 machines and more than 300 products, we serve various industries including dairy, food, agriculture, beverages, and chemicals.

For over 40 years, we have offered inspired designs and consistent quality. Employing over 1,000 people, our 'Polyfoam' brand is a preferred choice in the market. We prioritize technology, skilled workforce, and customer demands to deliver the best quality products at affordable prices. Our range includes household items like basins and buckets, furniture such as chairs and tables, and crates for industrial, horticultural, and packaging uses.
