

27<sup>th</sup> August 2024,

**Executive Director  
Tanzania Investment Center  
P.O. Box 938  
Dar Es Salaam**

Dear Sir/Madam,

**Re: APPLICATION OF EXTENSION FOR TIC CERTIFICATE No. "010568"**

Kindly get referred to subject matter above.

African Plantations Kilimanjaro Limited (APKL) is located at Maili Sita Moshi and is engaged in the production and export of quality coffee and Seed Maize. The Company operates Seven farms namely Two Bridges, Lyamungo, Mlama, Kahawa, Silver Dale, Lambo and Hellena Farms. Among the Company objectives is to produce high quality coffee which competes highly in the World Coffee Market. To ensure this objective is achieved, the company is requesting an extension of our project permit with the Tanzania Investment Center (TIC). Our project, which originally focused solely on coffee farming, has recently undergone significant expansions in its operations.

In addition to continuing our coffee farming activities, we have now incorporated the milling of coffee parchment into green beans and roasting processes. Furthermore, we are expanding our operations to include seed maize production. These additions represent a substantial growth in our activities and necessitate an extension of our TIC permit to accommodate the expanded scope of our operations.

We kindly request your support in extending our permit to cover these new activities. We believe these expansions will contribute positively to the local economy and further strengthen our commitment to sustainable agricultural practices.

It is our expectation that this application will meet your positive consideration.
