

Excellency in quality in our services we offer

The need. The research. *The solution.*

Our beginning in Kilombero 2001

From trading in bulk to establishing our first petrol filling station in 2006 at Morogoro town, thus the establishment of the **ATN brand**. As the business grew we saw another opportunity in the logistics and real estate industries in East Africa.

24 operating stations.

Our major business is trading in retail and bulk petroleum products with operating stations in Dar es salaam, Kibaha, Morogoro, Dumila, Dodoma and Njombe.

Up to date, We have 24 running petrol stations, 22 Petrol & filling stations that are under construction and over 30 wholesale customers in different cities in Tanzania.

We are client focused on creating and delivering premium service in order to ensure satisfaction. We are always seeking for new and advanced technological ways to improve our services.

We work to instill a culture that calls for the utmost diligence and professionalism to achieve the highest possible environmental standards.

We provide affordable dependable logistics solutions.

Our logistics services comprising of custom clearing, freight forwarding and transportation.

At Dependable, we serve regional markets focusing on satisfying needs in neighbouring countries as well as ensuring we are adding value to our customer's businesses.
