Dear sir/madam,

RE: REQUEST FOR THE CHANGE OF OUR COMPANY LOCATION AND ADDRESS;

Kingma Tanzania Investment Company a company that is currently located in Shekilango Plot no:50 and Block No: D initially wants to relocate and change its address to Kigamboni Block No:D

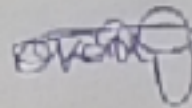

The project never succeeded to do better in its previous place as for the place wasn't big enough and convenient enough for our operations and expansion of the project for the start and the future. We also had some little

misunderstandings with our landlords of the previous location as he couldn't agree to us to do some key investments & establishments from his premises and area.

In such a circumstances we have been able to circum and mobilize enough funds and we bought enough land for the company that is convenient for our Investments.

We shall be grateful if our request is considered successful.

Yours's Faithfully
