**RE: CONSENT OF MANAGING AUTHORITY TOWARDS CARBON TRADING
PROJECT.**

Pease refer to the heading above.

2. Tanganyika District Council through its 8 villages which are Mpembe, Katuma, Kapanga, Kagunga, Lwega, Lugonesi, Bujombe, and Mwese village that altogether forms 216,944 hectares in Mwese Division. The villages under Managing Authority they have entered Contract with carbon Tanzania (CT Limited) for carbon project since 2018, and the goal of the project is to protect biodiversity, natural forest from Degradation and deforestations and ensure the community realize value of protecting their natural forests. For the sake of conservations and community developments the 8 villages of Ntakata mountains sees this carbon investor valuable and will bring many benefits to them and their natural resources for this and future generations.

3. Through this letter I would like to ensure that, all 8 villages and Tanganyika district council have agreed with the project and promised to continue to cooperate with your office and Carbon Tanzania as our investor towards mutual benefit for our community. As required by Carbon Trading regulations through section 18(d), We humbly provide our consent for Carbon Tanzania (CT Limited) to proceed with following steps towards registration of Ntakata Redd projects.

4. On a separate note, we would also like to inform you that, Carbon Tanzania and Tanganyika District have started the process of renewing contracts to reflect requirements of the regulation and we have consent from the villages, and we currently review inputs to send to TAMISEMI for vetting and later signing the contract and then start to action it.

Yours faithfully,

Shaban Juma

TANGANYIKA DISTRICT EXECUTIVE DIRECTOR

DISTRICT EXECUTIVE DIRECTOR
MPANDA
