Dear Sir,

Re: Request for Amendment of Project Information on Share Allocation

The Company mentioned above had applied to the Tanzania Investment Centre for a cargo transportation project and was issued a Certificate of Incentives with number 2024102257. I am writing to formally request an amendment to the project information submitted to the Tanzania Investment Centre (TIC) regarding the allocation of shares among the shareholders of EAST LINE LOGISTICS TRADING LIMITED, which the certificate of incentives provides that the shareholders are

- QIU JUN with 85% and
- SHI GUANG with 15%

Upon reviewing the project details, we have come to the conclusion that a revision of the share distribution is necessary to reflect the current extract from Brela, intentions and agreements among the shareholders. Therefore, we kindly request that the percentage of shares allocated to each shareholder be adjusted as follows:

- EAST HUSDOW COMPANY DMCC – 99%
- SHI GUANG – 1%

The reason for this adjustment is to reflect what appears on the company profile. We believe that this amendment will better represent the contributions and responsibilities of each shareholder moving forward. We kindly ask for your understanding and support in making these amendments to the official records and issue a certificate reflecting the changes.

We look forward to your positive response and thank you for your attention to this matter.

Attached herewith the following Copy documents

- i. Application letter
- ii. Project progress report
- iii. Picture of the project
- iv. Certificate of Incentives
- v. Extract from Brela

Yours sincerely,

SHI GUANG
Director
