Executive Director
Tanzania Investment Centre
P.O. Box 938
Dar es Salaam.

RE: APPLICATION FOR THE EXTENSION OF TIC CERTIFICATE

This is with reference is made to the ongoing execution of the project under the Certificate of Incentives number **022258** (copy attached) issued to our company on 07th July 2022.

With due respect, we wanted to give you an update about the latest status of the project as attached in the progress report.

Unfortunately, we were not able to executive according to our original plan, due to some inadvertent diversion caused by increasing competition. The original plan was to buy and own a fleet of 50 trucks (tractors and trailers) as of 2022. So far, we own 22 trucks, 26 semi-trailers and 1 low bed trailer which are operational. Therefore, we are applying for the extension of the certificate in order to continue with our original commitment.

However, we would like to assure you that our transportation project is working well and the business is promising in the future.

Below are our contact persons and their phone numbers:

	Name	Phone Number
1	Mr. Rahim Sadik	+255 689 692 832
2	Mr. Hassan Mpita	+255 712 717 683

We would highly appreciate your cooperation in this matter.

Yours sincerely,

For and on behalf of **CIMC WETRANS LOGISTICS (TANZANIA) LIMITED**

Lun Ruan
Director
