**Re: APPLICATION FOR THE CERTIFICATE OF INCENTIVES**

We intend to establish a manufacturing facility for various lubricants. In that respect, we have decided to apply for the Certificate of Incentives in order to benefit from the incentives obtained at your Centre so that we can carry our project as planned. We are attaching the following documents in order to enable the Centre issue the Certificate of incentives for our Project.

1. Registration Form
2. Certificate of Incorporation
3. Memorandum and Articles of Association
4. Business Plan
5. Evidence of Land ownership
6. Bank statements
7. Board resolution
8. Shareholders Status from BRELA
9. TIN

We hope our application will be considered favorably at the earliest.

Yours faithfully,

.....
