RE: APPLICATION FOR EXTENSION/RENEWAL OF CERTIFICATE OF INCENTIVES NUMBER 022321 FOR ITS GRAPHITE PROJECT LOCATED IN RUANGWA DISTRICT LINDI REGION:

Lindi Jumbo Limited is a well-established and legally registered mining company, with its main office at Plot 180, 3rd Floor, Cape Town Fish Market Building, Dar es Salaam. The company's flagship graphite project is being conducted under mining license number ML 579/2018, and the mining site is situated in the Ruangwa District of the Lindi Region. After diligently completing the commissioning stage, the company has successfully transitioned into the operational stage. As a result, Lindi Jumbo Limited has proudly achieved a remarkable production milestone, with approximately 2500 tons of high-quality graphite now ready for exportation. The company's commitment to excellence and adherence to strict operational standards have ensured the successful realization of this milestone.

Our company has been officially registered with the Tanzania Investment Center since 2019, marking the inception of our graphite project. Throughout this period, we have availed ourselves of the attractive incentives provided by the TIC, including the advantageous VAT deferment for the importation of plant and machinery. Regrettably, the expiration of our certificate of incentives necessitates our formal request for a renewal/extension of one year. This extension will facilitate our completion of the importation process for the essential equipment and spare parts required for the operational phase.

Enclosed, you will find a letter from the Tanzania Revenue Authority (TRA) providing evidence of our eligibility for and utilization of incentives, particularly the VAT deferment for importing plant equipment. Additionally, we have included visual documentation in the form of pictures displaying the current status of the project, including the equipment and facilities in use. We are wholeheartedly dedicated to ensuring the success of our project and deeply appreciate your attention to this matter. We eagerly look forward to a favorable outcome that will allow us to proceed seamlessly with our project.

We thank you for your usual cooperation, and more clarification, please contact the undersigned at +255 746 828546 or ephraimm@lj.co.tz

Yours sincerely,

Ephraim James Mrawa
