Dear Sir/Madam,

**SUBJECT: APPLICATION FOR CERTIFICATE OF INCENTIVE FOR CARBON DIOXIDE
GAS PROJECT BY SIMBA GAS COMPANY LIMITED**

I am writing to formally request of a Certificate of Incentive for the Carbon Dioxide (CO₂) Gas Project proposed by Simba Gas Company Limited. As a representative of the company, I would like to highlight the importance of this project in contributing to the economic growth and environmental sustainability of Tanzania.

The Carbon Dioxide (CO₂) Gas Project aims to extract and utilize natural carbon dioxide emissions from subsurface to produce valuable products such as dry ice, beverage carbonation, fire extinguisher and medical gases.

Thus, the proposed project will involve mainly installation innovative technology of CO₂ processing plant (harvesting and packing), construction of project main facilities including offices, workers houses, workshop as well as other supporting infrastructures, materials and equipments including Vehicles, Storage Tanks, security fence, water and power utilities, waste management facilities, lighting system among others.

In recognition of the potential benefits of this project, including job creation, technology transfer, and environmental conservation, I kindly request the Tanzania Investment Centre to grant the necessary incentives and support to facilitate its successful implementation.

Thank you for considering our application for the Certificate of Incentive. I look forward to your favorable response and the opportunity to contribute to Tanzania's sustainable development goals through the Carbon Dioxide Gas Project.

Yours sincerely,

Msakatamile L. Kasuga
Project Manager
