I, Eng. Ramadhani M. Lwamo, Executive Secretary, pursuant to Section 8(3) of the Mining Act, Cap.123 allow **M/S SHREE SONAL EARTH (T) LIMITED** to provide technical support in respect of Primary Mining Licences No. **PML 0004052** and **PML 0004053** issued to **ISAYA BONIFACE MHAGAMA**.

The foregoing technical support shall be for three (3) years subject to terms and conditions set out under Annex A, Primary Mining Licence, Technical Support Agreement between **M/S ISAYA BONIFACE MHAGAMA** and **M/S SHREE SONAL EARTH (T) LIMITED** dated 20th November, 2024 and the Mining Act, Cap. 123.

IN WITNESS WHEREOF this authorization for technical support has been duly recorded

this.....24th.....day of.....March.....2025.

Eng. Ramadhani M. Lwamo
EXECUTIVE SECRETARY
MINING COMMISSION

ANNEX A

Article 1

TENURE OF CONSENT OF TECHNICAL SUPPORT

1. This consent of technical support shall remain valid for a period of three (3) years from effective date of the grant unless it is sooner cancelled, suspended or surrendered in accordance with the Act.
2. The consent shall cease to subsist if the Holder of the Licence ceases mining operations or abandons the Area where mining operations are undertaken without prior permission of the Mining Commission.
3. Renewal of the consent shall be subject to conditions stipulated under the Mining Act and to the satisfactory of the Mining Commission.

Article 2

METHOD OF OPERATIONS

1. The holder of the licence and the technical supporter shall carry out the programme of mining operations in accordance with the programme of mining operations approved by the Mining Commission as may be amended and satisfy obligations under the law and technical support agreement and take full responsibility and assume attendant risks.
2. The holder of the licence and the technical supporter shall take all reasonable measures necessary to secure the safety, health and welfare of persons engaged in the mining operations in or about the Area to which the primary mining licence apply and ensure safety of properties in accordance with the governing laws.

3. The holder of the licence and the technical supporter, shall, in respect of the mine, take all measures necessary to avert occurrence of accidents whether accidental or premeditated and to observe and satisfy safety conditions stipulated under the Occupational Safety and Health Act, Cap. 424.
4. The holder of the licence and the technical supporter shall submit mining plan within ninety (90) days from the grant.

Article 3
ENVIRONMENTAL MANAGEMENT

1. The holder of licence and technical supporter and any other person who exercise powers or perform functions or carries duties in relation therewith shall be required to submit Environmental Impact Assessment approved by the National Environment Management Council within 90 days from the grant of the consent of technical support.
2. The holder of licence and technical supporter shall be required to submit Mine Closure and Rehabilitation Plans of the Area where mining operations are carried out within 90 days from the grant of the consent for technical support.

Article 4
CORPORATE SOCIAL RESPONSIBILITY

1. The holder of a licence and technical supporter shall, on annual basis, and prepare a credible Social Responsibility Plan jointly agreed by the relevant local government authority or local government authorities upon consultation with the Minister responsible for local governments and the Minister responsible for finance.

2. The holder of a licence and technical supporter shall ensure that the Corporate Social Responsibility Plan prepared is congruent and responsive to guidelines for corporate social responsibility developed by the relevant local government authority in terms of section 105(4) of the Mining Act and make a declaration specified under the Schedule to the Mining Commission (Guidelines for Submission of Local Content Plan) 2018.

Article 5
TECHNOLOGICAL TRANSFER

The technical supporter in its mining operations shall adhere to the technological transfer plan submitted to the Mining Commission.
