THE EXECUTIVE DIRECTOR  
TANZANIA INVESTMENT CENTRE  
GOLDEN JUBILEE, OHIO STREET  
DAR ES SALAAM

Application to be registered as an Investor.

Please be reverted to the above subject.

We are a company that has been in the manufacturing of mineral water and other beverages over the last 18 years.

We are now working on a proposal to develop an industrial park at Tegeta – Wazo area, We have had good experience with another industrial park project at Kisarawe II for the last two years, where we have developed fully, an industrial park which is now home to the likes of Sita steel and Plasco manufacturing companies and others still to come. The industrial project we are working on, here the Tegeta Wazo industrial park when in operation, will directly employ 2100 workers, and over 50,000 people indirectly.

With the project set to cost some shillings 4.5 billion dollars, we hereby request that your good office registers our company as an Investor in order that we be eligible for the various incentives and benefits for investing in the country.

Our operations will in the long run, benefit the local government of the area in terms of additions to the revenue coffers.

We look forward to your cooperation and an early response.

A handwritten signature in black ink, appearing to read "Saidi E. Nahdi", with a long, sweeping flourish extending to the right.

Saidi E. Nahdi
