REF: APPLICATION FOR REGISTRATION AT TANZANIA INVESTMENT CENTRE.

Heading above is referred.

STARLINK GULF TRADING LIMITED, is a registered company under company act 2002 with registration number 152845499 owned fully by Tanzanian.

We are applying for registration of our company for certificate of incentives. Our main core business is manufacturing and trading of building materials. Currently we are manufacturing white skim wall putty, dolomite powder, grout, binder. We have a plan to start manufacturing of cement and expanding more in our current operations.

These incentives will help us to reduce some of the cost as we will import capital goods with more than Tzs 1,5000,000,000.

We hope that our request will be considered positively.

Your faithfully

William Donald Kimaro
Managing director.
