To,
The Office of Executive Director
Tanzania Investment Center
P.O. Box 938, Dar es Salaam

Subject: Application for Registration of Extension of Our Project for TRA Exemption

Dear Sir,

We hereby refer to the subject matter above.

1. Ferrotech Africa Limited is a duly registered company in Tanzania under Cap. 212 of the Laws of Tanzania. The company has attained large-scale industry status in the country and is well-regarded for producing high-quality liquefied petroleum gas (LPG) pressure cylinders.
2. In line with our plans for business expansion, we wish to formally submit an application to your esteemed office for the extension of our project registration. This extension is sought to enable us to qualify for the Tanzania Revenue Authority (TRA) exemptions necessary to facilitate our expansion. We kindly request your assistance in granting the corresponding amendments to our certification of incentives.
3. Please find attached the detailed list of items for TRA exemption as required by the applicable procedures.
4. We are optimistic that this request aligns with the broader goals of industrial sector development in Tanzania. We greatly appreciate your continued support and cooperation in fostering the growth of industries like ours.

We look forward to your favorable response. If you need any additional information or have further questions, please feel free to reach out to us.

Thanking You,

Yours faithfully,
For Ferrotech Africa Limited

Murtaza Jafferjee
Managing Director
