Dear Sir/Madam

RE: COMPANY BANK STATEMENTS

With reference to the captioned heading above.

We are duly a newly registered entity in the United Republic of Tanzania and currently undergoing the process of opening a bank account.

As a result of the current status of the company formation at this particular time we are unable to attach any bank statements for this project as part of compliance to this application.

It is our hope that our application will be put into consideration and we await for positive feedback from your good office

I thank you in advance,

Yours sincerely
