**Subject: APPLICATION FOR TIC INCENTIVE CERTIFICATE FOR GOLD  
PROCESSING PLANT – NORTH MARA**

Dear Sir/Madam,

SHAFRO International Gold Mining Company Limited hereby submits its application for an incentive certificate for our proposed Gold Processing Plant project in Nyamongo, North Mara, Tarime District. This state-of-the-art Carbon in Pulp (CIP) gold processing plant is designed to support local small-scale miners and contribute to sustainable economic growth.

With a daily capacity of 150 tons of gold ore, the plant aligns with Tanzania's vision for industrialization and value addition in the mining sector. It will enhance local economic opportunities, create jobs, and promote environmentally sustainable operations.

Attached to this application are our business plan and relevant documents. For further clarifications, please contact:
