Dear Sir,

RE: EXPANSION OF THE TIC CERTIFICATE OF INCENTIVES FOR M/S. TEXPOL DEVELOPMENT COMPANY LIMITED (TDCL).

Reference is made to the above subject,

Texpol Development Company Ltd (TDCL) was established in November 2012, under BRELA with Registration No. 95567 with its registered head office in Dar es Salaam. TDCL is 100% owned by a Tanzanian, and the current managing director is Mr. Julius Zellah, a Tanzanian born in Ilungu ward, Mbeya region, who now resides in Warsaw, Poland. He is a Tanzania Diaspora, and living in Poland, but very active in supporting the Government of Tanzania in the electrification of rural areas using affordable renewable energy technologies.

To fulfill its objective of supporting renewable energy in Tanzania, and in collaboration with other stakeholders, we kindly declare and give honor to your good office for always being a key supporter and adviser to our office in one way or another when we need support. We are at the last phase to secure the financing for the implementation of the projects.

The first phase for Texpol was to construct the distribution network, and now, the second phase is to start the construction of the Hydro Power plant.

Our request from your good office is to the expansion of the TIC certificate of Incentives which had already expired a long time ago due to the long process of gathering information from different areas and making follow-up documentation in the office of the Water use permits, REA, TANESCO, EWURA, local and international financial institutions for the implementation of the power plant.

Yours faithfully,
