Dar es Salaam.

Dear Gilead Teri,

Re: APPLICATION FOR REGISTRATION OF LENNY HOTEL EXPANSION PROJECT WITH THE TANZANIA INVESTMENT CENTRE FOR CERTIFICATE OF INCENTIVES.

On behalf of Lenny Hotel, I am pleased to submit this application to register our Lenny Hotel Expansion Project with the TIC to qualify for the Certificate of Incentives as provided under the Tanzania Investment Act.

Lenny Hotel is an established hospitality provider dedicated to delivering quality accommodation, conference, and recreational services in Geita Region. In line with our vision to enhance the Tanzanian hospitality sector, the Lenny Hotel Expansion Project aims to add additional rooms, modern conference facilities, and leisure amenities. This expansion will increase our capacity to cater to both local and international guests and support Tanzania's goal of becoming a regional tourism and business hub.

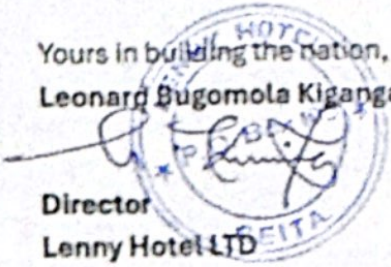

The expansion project is designed to contribute positively to Tanzania's economy by creating employment opportunities, enhancing skills through staff training, and boosting tourism revenue. To ensure a smooth project implementation, we are seeking the incentives offered by TIC, which will allow us to allocate more resources toward local procurement, capital goods importation, sustainable infrastructure, and staff development.

Enclosed with this letter are the required documentation and application forms per TIC guidelines. We are committed to complying with all regulations and are prepared to provide any additional information or clarifications to facilitate the registration process.

We are hopeful for a favourable response and look forward to collaborating with the TIC to bring this project to fruition, ultimately contributing to Tanzania's long-term economic and social objectives.

Thank you for considering our application. We look forward to your support and a successful partnership.

Yours in building the nation,
Leonard Bugomola Kiganga

Director
Lenny Hotel LTD
