Dear Sir,

RE: APPLICATION FOR CERTIFICATE OF INCENTIVES FOR PROPOSED
INVESTMENT IN SETTING UP GRANDPARENT STOCK PRODUCTION
FARM

We are pleased to submit our application for Certificate of Incentives for the proposed investment in setting up a Grandparent (GP) stock production farm, which is aimed at supplying broiler parent stock to East and West Africa. The broiler parent stock farm will be owned by COBB EAST AFRICA LIMITED (CEA) whose one of the shareholders is Cobb which is one of the two largest suppliers of broiler genetics globally. With CEA investing and operating a GP farm in Tanzania, this will position the country as a major poultry supplier for the whole East and West Africa regions.

A proposed Grandparent stock farm is located in Siha District, Kilimanjaro Region. CEA's GP stock farm is envisaged to supply Tanzanian broiler breeder operators; though this market is expected to only account for around 20% of the production, the remaining 80% will be exported to East and West African countries with the preferred currency being US Dollars. In the first 5 years of operations CEA envisage to export GP stock value of around USD 25 million.

Having briefly noted the foregoing, we hereby submit our application for registration with your esteemed centre and issue us with prerequisite Certificate of Incentives.

Together with this letter we attach herewith the following documents for your review and consideration of our application:

1. Certified copy of Certificate of Incorporation;
2. Copy of Memorandum and Articles of Association;
3. A duly filled Application Form;
4. Evidence of sufficient Finance Capital available for the project;
5. Evidence of the project location;
6. Company Board Resolution; and
7. Project Business Plan.

We look forward to your kind approval.

For Cobb East Africa Limited

Yours truly,

Fabio Stella
Company Secretary
