The United Republic of Tanzania

Dear Sir,

RE: APPLICATION FOR CERTIFICATE OF INCENTIVES

Reference is made to the above subject matter.

We, **ZIDA Investment Company Limited**, officially incorporated in the United Republic of Tanzania on **24 July 2024** under the Companies Act, 2002 (Incorporation No. **176557133**), hereby submit our formal application for a **Certificate of Incentives**.

ZIDA Investment Company Limited is a Tanzanian–Hungarian joint venture established to act as a strategic partner of the Government of Tanzania in advancing socio-economic development through the development of a green ammonia plant, expansion of electricity supply, promotion of renewable energy, and support for the country’s broader goals of industrial diversification. We are confident that the project proposed by ZIDA presents a

ZIDA INVESTMENT COMPANY LIMITED

unique and timely opportunity to enhance the security, sustainability, and competitiveness of Tanzania's energy sector over the long term.

Our shareholding structure is as follows:

- **ENERTERRA Zrt.** – 52,000 shares
- **HYADES SOLARPARK Kft.** – 22,000 shares
- **IMARA INVEST Kft.** – 22,000 shares
- **Mr. Obedie Solomon Kimaro** – 3,000 shares
- **Mr. Zoltán Tibor Manfai** – 1,000 shares

ZIDA's registered share capital amounts to TZS 1 billion, and our headquarters is located at Kunduchi, Bahari Beach, Dar es Salaam. The company is represented by its Board of Directors: Mr. Obedie Solomon Kimaro and Mr. Zoltán Tibor Manfai, with Mr. Gwamaka John Mwaikugile serving as the Company Secretary.

The Hungarian partner companies bring considerable international expertise to this initiative:

- **ENERTERRA Zrt.** – experts in **large-scale renewable energy investments and financing**
- **HYADES SOLARPARK Kft.** – specialists in the **development, construction, and operation of solar power plants**
- **IMARA INVEST Kft.** – professionals in **investment management and project financing**

Combined, these entities ensure that ZIDA is well-positioned to design, deliver, and operate energy projects in compliance with strict European standards, thereby ensuring both quality and sustainability. In accordance with your stated requirements for the
