1st Floor, Golden Jubilee Tower, Ohio Street, P. O. Box 938
Dar es Salaam, Tanzania

Re: Application for TISEZA Registration

Dear Sir/Madam,

On behalf of Trianon Spices Ltd, I am pleased to submit our request for registration with the Tanzania Investment and Special Economic Zones Authority (TISEZA).

Trianon Spices is a Tanzanian-based agro-processing and export company sourcing, processing, and exporting black pepper, cinnamon, cardamom, and clove from over 1,000 smallholder farmers in Muheza (Tanga) and Morogoro. Our mission is to make Tanzania a leading global source of high-quality, regenerative spices while improving smallholder livelihoods and promoting sustainable agroforestry practices.

Since commencing operations in 2020, Trianon has established a processing facility in Muheza, invested in specialized spice processing equipment, and exported over 250,000 kilograms of spices in 2022, generating nearly €800,000 in revenue. We have also certified 260 farmers organic and are expanding our farmer support program to build resilience and enhance quality.

We are seeking registration with TISEZA to formalize our participation in the Export Processing Zone framework, which we believe will enable us to scale production, expand exports to Europe, the Middle East, South Africa, and the United States, and contribute significantly to Tanzania's export growth.

Enclosed herewith are the required supporting documents, including our registration documentation and business plan. We would be grateful for your consideration of this application and guidance on any additional requirements necessary to complete the registration process.

We look forward to your positive response and to working closely with TISEZA to advance Tanzania's spice sector and its global competitiveness.

Yours faithfully,

Wouter van de Wetering
Director
