Re: **REQUEST FOR CONSENT TO CHANGE INVESTMENT PLAN**

Reference is made to the above captioned subject matter and your letter dated 20th November 2025.

2. Through your letter, we understand that you are requesting to amend your investment plan which initially was to establish a ceramic manufacturing facility for the domestic market under the TIC Certificate of Incentive issued on the 29th of April 2025. On the same request, you stated your intention to shift your plan into development of a large-scale factory facility on your Mkuranga property, to be leased to Solar Ray Africa Limited for the production of solar energy equipment for export under the EPZ framework.

3. Tanzania Special Economic Zones Authority (TISEZA) recognizes the strategic importance of renewable energy and its potential to drive industrialization, job creation, and export growth. We therefore grant consent in principle to your proposed amendment, subject to the following conditions:

- i. Make application for amendment of Certificate of Incentives and therein make Submission of a detailed implementation schedule and operational plan.
- ii. Compliance with all applicable laws, regulations, and environmental standards.
- iii. Formalization and submission of the lease agreement with Solar Ray Africa Limited.
- iv. Continued adherence to reporting and monitoring requirements under the Special Economic Zones framework.

4. We appreciate your commitment to advancing Tanzania's industrial and energy development agenda and look forward to the successful implementation of your project

Thank you for your usual cooperation.
