PROJECT**

Kindly refer to the subject matter above.

Tantel Holdings is pleased to submit this formal application for a Certificate of Incentives from the Tanzania Investment Center (TIC) for our groundbreaking initiative, the “Samia Afya Hub” Project.

The “Samia Afya Hub Project” is a transformative healthcare initiative that aligns directly with Tanzania's national development agenda. Our project aims to bridge critical gaps in rural healthcare access across Tanzania through a comprehensive model integrating digital healthcare delivery, improved diagnostic capabilities, and enhanced access to essential medications.

Tantel Holdings is committed to delivering tangible, measurable, and inclusive health outcomes that will have a profound positive impact on the well-being of Tanzanians. We believe that the “Samia Afya Hub” project clearly meets the criteria for TIC incentives, as it represents a substantial investment in a priority sector, contributes to job creation, and will significantly improve social welfare and economic development, particularly in rural areas.

We kindly request your expeditious review of our application and look forward to the opportunity to discuss this vital project further at your earliest convenience. We are available to provide any additional information or clarification required.

Thank you for your time and consideration.

Sincerely,
