RE: application for amendment of business location

M/S KDG Africa limited is a TIC registered project with certificate of incentives No. 202421626 which is valid up to 04 February 2027

The company was registered with the objective of establishing and operating a project for cargo transportation in Tabata, along Mandela Road as the yard is small to accommodate many trucks we have decided to look for the big yard Therefore, the company got a big vehicle yard in Ungindoni - kigamboni.

Please amend on our certificate of incentives to read Ungindoni - kigamboni and not tabata along Mandela Road. Attached herewith please find a new lease agreement, progress report, original certificate of incentives for approval of location amendment on our certificate of incentives.

Yours sincerely

Director
