Re: Extension of Application for certificate of incentive | Expired as of 1st Aug | 2025 Transport Business Project — Transconnect Logistics T Ltd

Dear Sir/Madam,

We are pleased to submit this letter in support of our application to register/extend our transport business project, Transconnect Logistics T Ltd with the Tanzania Investment Centre, pursuant to the provisions of the Tanzania Investment Act, 1997.

Project Overview:

Our company intends to significantly scale our transport capacity by adding **100+ modern trucks** over the next **three years**. This expansion is driven by growing demand in both intra-regional and cross-border logistics, and it aims to strengthen our competitive advantage while supporting Tanzania's economic growth.

Strategic Objectives:

Capacity & Service Expansion: Increase fleet strength to meet rising freight demands and reduce reliance on third-party providers.

Operational Efficiency: Leverage advanced fleet management systems for route optimization, real-time tracking, and predictive maintenance—strongly aligned with modern best practices

Cost Control & Sustainability: Invest in fuel-efficient or alternative-fuel vehicles to lower operational costs, reduce emissions, and position our company for long-term environmental compliance

Closing Statement:

We appreciate the Centre's role in promoting investment and facilitating project approvals. We are committed to fully supporting the review process and look forward to successful collaboration. Please do not hesitate to contact our authorized representative, [Name, Position, Contact Information], for any further clarifications.

Thank you for your consideration.

Yours faithfully,
Saif Ratani (Director)
