

 **HONLE**
HONLE ELECTRIC EAST AFRICA LIMITED

To,
EXECUTIVE DIRECTOR,
TANZANIA INVESTMENT CENTRE,
P. O. BOX 938,
DAR ES SALAAM.

14th August 2025

Dear Sir/Madam

RE: EXPANSION OF OUR PROJECT FOR MANUFACTURING OF ELECTRICAL EQUIPMENTS.

Kindly refer to the heading above.

We write to formally request the expansion of our project and renewal of our Certificate of Incentives (Certificate No. 202542683), originally issued to HONLE ELECTRIC EAST AFRICA LIMITED.

As part of our strategic growth and in line with market demands, we have resolved to expand our electrical manufacturing operations to include new product lines, specifically:

- Transformers
- Electrical equipment
- Other related electrical products

This expansion represents a significant capital investment and will enhance our manufacturing capacity, product diversification, and contribution to the national economy through job creation, technology transfer, and import substitution.

We acknowledge that our previous Certificate of Incentives has expired, and in compliance with the relevant investment laws and regulations, we are seeking its renewal with an expanded scope to cover our new manufacturing lines.

To support this request, we have attached the following:

HONLE HONLE ELECTRIC EAST AFRICA LIMITED

1. Application for expansion of the Certificate of Incentives – already submitted through the TIC system for your processing.
2. Progress Report – detailing our achievements and challenges during the validity period of the previous certificate.
3. New Business Plan – outlining the scope, financial projections, and operational strategy for the expanded manufacturing activities.
4. Previous Business Plan – for reference, showing the original scope and execution under the prior certificate.

We believe that the proposed expansion aligns with Tanzania's industrialization objectives and investment promotion policies and will contribute positively to the sector's growth.

We respectfully request your good office to review our application and supporting documentation and to grant approval for the expansion and renewal of our Certificate of Incentives.

We remain available to provide any additional information or clarification required to facilitate this process.

We look forward to your favorable consideration of our request.

Yours Sincerely,

**FENG JUN FENG,
DIRECTOR,
HONLE ELECTRIC EAST AFRICA LIMITED.**
