Dear Sir,

Re: Expression of Interest in Invest in the Agricultural Sector

We are writing to formally express our intention to invest in the agricultural sector within Tanzania, recognizing the strategic importance and vast potential of agriculture to contribute to sustainable economic growth and food security.

Our company, Santagro Limited, is committed to responsible investment practices that create value not only for our stakeholders but also for local communities. We are particularly interested in mixed crops farming, irrigation systems, agritech innovation, and we believe that our proposed investment aligns with national priorities and development goals in the agricultural domain.

It being our first year on the proposed land, we have planted 3 mixed crops on the farm, we would appreciate the opportunity to engage with your office to better understand the regulatory framework, available incentives, and potential partnerships or support mechanisms.

Attached is our Implementation Plan of our proposed investment. We look forward to the opportunity to further discuss how we can collaborate in realizing this project.

Thank you for your time and consideration. We remain at your disposal for any further information or documentation you may require.

Sincerely,

Justin Gu
