Executive Director,
Tanzania Investment Centre,
P.O. Box 938,
Dar es Salaam.

Dear Sir/Madam,

**RE: APPLICATION FOR EXTENSION OF PERIOD OF CERTIFICATE OF
INCENTIVES NO. 20214355**

Please refer the captioned above,

We kindly write to request an extension of the period for Certificate of Incentives No. 20214355 issued to ITRACOM FERTILIZERS LIMITED.

We are currently in the process of finalizing and commissioning Plant Lines IV and V, which will significantly enhance our production capacity. Once completed, these additional lines will enable the production of 400,000 metric tons of organic fertilizers annually, bringing our total production capacity to 1,000,000 metric tons per year at full operation.

In light of this ongoing expansion and the substantial investment being made to support the Government's efforts in improving agricultural productivity, we respectfully request that the Certificate of Incentives be extended to allow us to fully realize the objectives of our investment.

We appreciate your continued support and consideration of our request, and we remain committed to contributing to the agricultural sector and national economic development.

Please find attached all relevant documents to support this application. Should you require any further information or clarification, please do not hesitate to contact us.

Yours sincerely,

NDUWIMANA Nazaire
Managing Director
