Dar-es-Salaam

Dear Sir/Madam,

We would like to introduce our company “Oreva Mining Ltd” which is intended to establish Modern Carbon-in-Pulp (CIP) Gold processing Plant in Geita, Tanzania.

The proposed CIP Gold processing plant is designed to serve the ever growing and undersupplied market segment within Tanzania’s gold sector-specifically, artisanal and small-scale miners (ASM) who lack access to formal, mercury-free processing facilities.

Therefore, we would like to register our project with the Tanzania Investment & Special Zones Authority in order to take advantage of the benefits under the scheme.

Please find enclosed the following: document for registration of the project;

1. TISEZA Application form signed by a Commissioner of Oaths
2. Memorandum and Articles of Association.
3. Copy of Certificate of Incorporation.
4. Copy of Lease agreement for the project location/offices.
5. Board Resolution.
6. Feasibility Report
7. TIN certificate
8. Bank statement
