

**04/03/2026.**

To:

THE EXECUTIVE DIRECTOR,

TISEZA,

P.O. BOX 938,

DAR ES SALAAM,

TANZANIA.

**RE: REQUEST FOR TEMPORARY CONSIDERATION ON BANK  
REQUIREMENT – APPLICATION FOR CERTIFICATE OF INCENTIVES**

We refer to our application for the Certificate of Incentives under our investment project which was recommended for deferment due to the requirement that the investor should submit a local bank statement and deposit at least 25% of the total investment capital in a Tanzanian bank.

We respectfully inform you that we have not yet been able to open a company bank account in Tanzania due to circumstances beyond our control. The company directors and shareholders are currently outside Tanzania, which has delayed completion of the bank account opening formalities.

In the meantime, we kindly request your office to consider allowing us to temporarily use the Director's existing Chinese bank account as proof of financial capacity while we finalize the process of opening a local company bank account in Tanzania. We undertake and commit that once the directors are present in Tanzania and the formalities are completed, we will promptly open the company bank account and deposit the required 25% of the total investment capital, and submit the official bank statement to your office as required.

Please note that our investment activities have been on hold for some time due to the pending Certificate of Incentives, and this has significantly affected the progress of our project. We remain fully committed to complying with all legal and regulatory requirements.

We therefore humbly request your favorable consideration to enable us to proceed with our investment activities while we finalize the banking requirements.

We look forward to your understanding and positive response.

Yours faithfully,

李颖

DIRECTOR
