The Executive Director
Tanzania Investment Center
P. O. Box 938
Golden Jubilee Tower
1st Floor, Ohio Street
Dar es Salaam.

Dear Sir,

RE: REQUEST FOR EXTENSION OF PROJECT IMPLEMENTATION PERIOD

We, **SEEDCO TANZANIA LIMITED**, are a company duly registered under the Tanzania Investment Center, holding certificate number 0222798.

Through this letter, we respectfully request an extension for the implementation of our registered project. Our company is undertaking the construction of a state-of-the-art facility for the production of high-quality hybrid seeds. This expansion will enhance our production capacity, address supply and demand challenges, and generate additional revenue.

The initial implementation period, which commenced in June 2010, concluded in June 2013. Given that the construction and full operationalization of the production plant are expected to take three years, we kindly seek a three-year extension from the date of approval to complete the project.

We appreciate your consideration and look forward to your favorable response.

Yours faithfully,

.....
Robert K. Koech
Finance Director
