Dar es Salaam, Tanzania

**Ref: Application for Extension of TIC Certificate of Incentives No. 018178**

We are writing to formally request the extension of our TIC Certificate which is valid till 18th January 2025, which was previously granted to our company for our continued investments in the tourism sector. As a company committed to furthering the growth and development of the tourism industry, we have been heavily investing in tour vehicles and hot air balloon services, both of which have contributed significantly to the tourism sector.

As part of our commitment to advancing tourism services, we are planning to expand our operations starting from the year 2025 by introducing air charter services. This expansion will not only enhance the tourism experience for local and international visitors but also support the diversification and sustainability of the tourism sector. We believe that providing air charter services will open new opportunities for travelers and further bolster the industry's growth.

Given our continuous efforts to improve and expand our services, we respectfully request that your kind office grant us approval for the extension of our TIC Certificate of Incentives to cover these new investments and future operations. The extension would greatly assist us in maintaining our momentum and fulfilling our commitment to the sector.

We are confident that this expansion will have a positive impact on tourism, and we assure you of our continued adherence to all regulatory requirements and obligations as per the Laws and Regulations.

We kindly request your favorable consideration of our application. Should you require any further details or documentation, please do not hesitate to contact us at +255 757 562 490.

Thank you for your attention and support.

Mohamed Hussein Kara
