Greetings,

**RE: APPLICATION FOR A JOB VACANCY AS ICT OFFICER II (PROGRAMMER)**

Please kindly refer to the heading above.

I am writing to apply for the above-mentioned post advertised on the Ajira portal website, dated 18<sup>th</sup> November, 2024. With a strong educational background in Information And Communication Technology as well as hands-on experience in software development, I am confident in my ability to make a meaningful contribution.

I have more than three (3) years of experience working as an ICT Officer (Database Administrator) at Tanzania Investment Centre developing systems such as Customer Satisfaction Tool, Aftercare and monitoring systems and so on. Also I have a Bachelor of Science in Information and Communication Technology at Mzumbe University where I graduated in 2020.

I am proficient in using a variety of development tools and technologies, including but not limited to, Programming Languages such as Java, Python, JavaScript, Web Technologies such as HTML, CSS, React.js, Node.js, Database Management such as MySQL, MongoDB, Version Control mainly Git, Development Tools such as IntelliJ, Visual Studio Code.

I have also participated in national major programming projects such as Tanzania electronic Investment Window (TeIW) and Projects evaluation system.

I hope my application will meet your kindest consideration. I look forward to hearing from you soon.

Yours Sincerely

Brendan B. Odhiambo
