RE: APPLICATION FOR AMENDMENT OF PROJECT VALUE, ADDITIONAL OF PROJECT LOCATION AND EXTENSION OF PROJECT IMPLEMENTATION PERIOD FOR THREE YEARS CERTIFICATE NO.018193

KOM FOOD PRODUCTS COMPANY LIMITED is a privately owned company incorporated in Tanzania with Certificate of Incentives No.018193 dated 28th May 2024 is investing in **Maize, Rice paddy, Animal feed production and packaging.** (integrated project)

Previously the project was estimated to cost US\$15m in 2018 however after starting project implementation the management have realized that the project was under estimated, therefore the current revised business plan indicates the project value will **amount to US\$ 35m**

The project was delayed due to financial limitations where the shareholders depended heavily on the cash flow of other businesses as a result projects machines remained at the port for almost one year without being cleared

That being the case, the company is applying for project value to be amended and project implementation period to be extended for **three years from 2025** to facilitate project implementation done by local investor.
