Sub: Application for Certificate of Incentive for Establishment of a Motor Vehicle Service & Repair Facility.

Dear Sir,

On behalf of ACE Energies Ltd, I am pleased to submit this application for a Certificate of Incentive under the Tanzania Investment Act. ACE Energies Ltd intends to establish a state-of-the-art facility for the servicing and repair of motor vehicles in Kisongo, Arusha, Tanzania. Our investment aligns with the government's industrialization goals and will contribute to job creation, skills development, and economic growth in the region.

The establishment of this facility will require significant investment in specialized equipment, machinery, and other essential tools to ensure high-quality vehicle maintenance and repair services. Modern vehicles rely heavily on mechatronics due to the integration of computer systems in their control mechanisms. This initiative, therefore, offers a valuable opportunity for our citizens to gain knowledge and skills in these advanced technologies. In this regard, we seek the support of the Tanzania Investment Centre to facilitate relief on duties, taxes, and levies associated with the importation of the necessary equipment and machinery.

Our investment objectives include:

- Enhancing the quality and efficiency of motor vehicle repair and maintenance services in Tanzania.
- Creating employment opportunities for skilled and semi-skilled workers.
- Supporting knowledge transfer and capacity building in the automotive industry.
- Contributing to the formalization and standardization of vehicle service operations in the country.

We have attached all the necessary documents, including our business registration details, investment plan, financial projections, and project implementation timeline, for your review and consideration. We are committed to complying with all regulatory requirements and working closely with TIC to ensure the successful execution of this project.

Should you require any further information or clarification, please do not hesitate to contact us.

Thank you for your time and support. We look forward to a positive response.

Yours sincerely,
