Dear sir,

REF: APPLICATION FOR INVESTMENT INCENTIVE CERTIFICATE

Refer to the heading above,
SIGNO QUALITY COMPANY LIMITED is a company owned by Tanzanians. It has two shareholders who are both Tanzanians namely CPA Deusdedith Edward Mulindwa and CPA Happyness Joseph Urrio. The Company is producing roofing sheets and related accessories. The Company imports raw materials from China and other countries.

The Company started its operations in 2022 as a sole proprietor where in 2023 the Company changed into limited Company with initial capital of more than USD 200,000. The Company has hired employees who are all Tanzanian and its paying taxes as required by laws.

After recognizing the very good work done by Tanzania Investment Center (TIC) in facilitating investments in Tanzania for both nationals and foreigners, we hear by request for the incentive certificate which will give relief in business operations especially as we import the key raw materials.

We aim at growing the business to high level which includes producing quality roofing sheets under our slogan "Bati Bora Nyumba Bora" at high quality and sell them to fellow Tanzanians at reasonable price.

We hope that our request will be accepted and certificate granted.

We are looking forward to receiving positive feedback on our request.

Together we build our nation with quality roofing sheets.

Yours faithfully

.....
DEUSDEDITH EDWARD MULINDWA
MANAGING DIRECTOR AND OWNER
SIGNO QUALITY COMPANY LIMITED.
