Dear Sir,

RE: APPLICATION FOR CERTIFICATE OF INCENTIVES – PROJECT EXPANSION

Reference is made to the captioned matter above.

HTT Infraco Limited ("**Helios Towers**", "**we**", "**us**", "**our**") is a private limited company operating in Tanzania under a Network Facilities Licence granted by Tanzania Communication Regulatory Authority (TCRA) with principal business activities such as building, acquiring, and operating telecommunication towers that are capable of accommodating and powering the needs of multiple tenants – typically large Mobile Network Operators ("MNOs") and other telecommunication providers who in turn provide wireless voice and data services to consumers and businesses in Tanzania.

We write to formally submit our application for the issuance of a Certificate of Incentives in respect of our project expansion in Tanzania.

As part of our expansion project, we are scaling up our investment in telecommunication infrastructure in line with the country's increasing demand for connectivity and the Government's mission to create a digital economy and foster digital inclusion "Mission 300". The detailed rollout plan is outlined in the business plan submitted together with this application.

In support of this application, please find enclosed the following documents as required by the TISEZA procedures:

1. Duly completed application form
2. Bank Statement
3. Board Resolution
4. Business plan
5. Memorandum & Articles of Association
6. Certificate of Incorporation
7. Lease Agreement
8. Certificate of Incentive
9. Business Licence and Tanzania Communications Regulatory Authority.

We kindly request that TISEZA considers this application and grants us a Certificate of Incentives to support our expansion. We remain available to provide any additional information or clarification that may be required to enable your review.

Thank you once again for your continued support.

Yours faithfully,
