RE: APPLICATION FOR CHANGES OF COMPANY NAME, PROJECT ACTIVITY AND SUB-SECTOR

Tanzania Investment Centre has registered us with certificate No.202361267, issued on 26 June 2023, as ACE Oil Limited, formed for the purposes of Establishment of petroleum bulk liquid storage and LPG Storage facilities.

We kindly let you know the following;

1. Our Company name is **ACE ENERGIES LIMITED** instead of **ACE OIL LIMITED**
2. Project activities to **Establishment of Construction of commercial complex for company use and lease**

The reason for the above changes is the order passed by the Ministry of Land on December 2023, restricting the construction and establishment of Petroleum stations, Petroleum bulk liquid storage and LPG Storage facilities in areas close to the residential premises.

We would be grateful if you could please approve our re-application by changing the abovementioned factors and re-issue an amended TIC certificate.

Thank you for your kind cooperation.

Yours Sincerely,

Zahir S. Mohamed
