Lumina Resources Limited is a duly incorporated company under the laws of the United Republic of Tanzania, engaged in mineral exploration and development. Our proposed investment involves exploration, extraction, processing and export of gold ore. The project is expected to create direct and indirect employment opportunities, improve local infrastructure, and generate government revenue through taxes and royalties.

In compliance with TISEZA local content and sustainability requirements, Lumina Resources Limited

is committed to:

Thank you for your consideration. We look forward to your favorable response.

Yours faithfully,
