Investment Financing Plan in Million US\$

Foreign Equity	Local Equity	Foreign Loan	Local Loan
735,000.00	765,000.00	2,000,000.00	7,500,000.00

Project Objectives:

In line with Tanzania's industrialization policies, Mining Engineering Services (Tanzania) Limited aims to establish a state-of-the-art manufacturing plant specializing in underground split sets, mine mesh, and galvanizing services to support Tanzania's rapidly growing mining, power and constructions industries. The Company will focus in producing high-quality, durable mining support materials essential for ensuring safety and efficiency in underground mining operations. Located strategically near key mining regions, the plant will leverage advanced manufacturing technologies and galvanizing processes to meet strict industry standards. The goal is to become the leading local supplier, reducing reliance on imports while promoting cost-effective, reliable, and timely delivery of mining infrastructure materials across Tanzania
